Što smo mi lutkama i što su lutke nama? ili Jesmo li svi manipulirani?

Lutaka ima otkad je svijeta i vijeka, i to u svim krajevima svijeta. Danas postoje stotine lutkarskih festivala. Postoji i PIF, stoji i postoji već pedeset i devet godina kao jedan od šest najstarijih europskih lutkarskih festivala. Pa nije to malo!

A zašto? Ponekad se pitam što smo uspjeli naučiti u tih pedeset i osam godina i što ćemo naučiti u ovoj, pedeset i devetoj.

Gledam predstave u raznim kazalištima i na raznim festivalima. Čini se da se vraćaju marionete, čak i one na dugim koncima. I uvijek su dočekane s oduševljenjem. Je li to zato što se divimo vještini marionetista ili nam se sviđa demonstracija manipuliranja?

Stolne lutke izravno animirane već su dugo popularne: kao da je njima najlakše manipulirati. A u posljednje vrijeme sve češće vidamo neanimabilne stolne lutke, figurice koje se mogu samo pomicati u prostoru s jednog mjesta na drugo. Ili pak maketno kazalište u kojem također lutkar ima potpunu kontrolu. Ili se samo tako čini.

A u svijetu ljudi sve više vidamo one koji se, bez trunke kritičnosti ili ikakvog vlastitog mišljenja, povode za trendovima, dopuštajući da ih nosi masa ili njima manipuliraju neki čudni političari. Kao da se mnoštvo ljudi, dapače cijele nacije, pretvaraju u skupne lutke: netko povuče konac, a cijela skupina lutaka radi isti pokret, gleda u istom smjeru, sve kimaju kao jedna i unisono pjevaju jedan te isti ton.

Podsjeća me to na onu karikaturu iz 18. stoljeća, koja je prikazivala svijet kao marionetsku predstavu u kojoj političari vuku konce građanstva. Nekad je to bio predmet šale. Danas nam je nekako ta šala prisjela.

Ali takav pokušaj manipulacije u kojoj se zahtijeva slijepa poslušnost lutaka zapravo je potpuna negacija lutkarstva. Lutke nisu glupe. Ne daju se izmanipulirati. Znaju se pobuniti. Pokazuju svoju volju. I zato predstave u kojoj lutkar pokazuje svoju moć i bahato želi lutke podrediti sebi, ne funkcioniraju.

Simbioza lutke i lutkara najbolji je primjer uspješne suradnje. Lutkar sluša lutku, zna što može, a što ne može, što želi, a što nikako ne želi. Dogovaraju se. Druže se, dugo i često, rade zajedno, upoznaju se, ispiću se...

U lutkarstvu je važno ono što se prikazuje, kao i ono *kako*, odnosno *čime* se prikazuje. Marionetama na dugom koncu, nestašnim *guarattellama* (tradicionalnim talijanskim ginjolima), neuhvatljivim sjenama, neanimabilnim figuricama ili pak lutkom koju animira šestero animatora. Ili bagerom. Da, i to smo vidjeli.

Lutke nesebično pružaju, a svatko će uzeti što može, želi i zna.

Što ćemo ponijeti s ovogodišnjeg PIF-a?

What are puppets to us, or we to puppets? Or Are we all being manipulated?

Puppetry has been with us since time immemorial, and in every corner of the world. Today there are hundreds of puppet festivals. And there is PIF – standing strong, fifty-nine years old, one of the six oldest puppet festivals in Europe. That's no small thing!

So why does it endure? I sometimes wonder what we've managed to learn in these fifty-eight years, and what we'll learn in this, the fifty-ninth.

I continue to watch performances in various theatres and at various festivals. Marionettes seem to be making a comeback, even the ones on long strings. And they're always met with delight. Is it because we admire the puppeteer's skill, or because we simply enjoy watching manipulation on display?

Tabletop puppets, animated directly by hand, have long been popular – as if they were the easiest to manipulate. And lately we're seeing more and more tabletop figures that can't be animated, only moved from one place to another, nothing more. Or model theatre, where the puppeteer likewise has complete control. Or so it seems.

And in the world of people, we're increasingly seeing those who, without a shred of critical thought or an opinion of their own, follow whatever trend comes along, letting themselves be swept up by the crowd or manipulated by some odd politicians. It's as though whole masses of people – entire nations, even – are turning into collective puppets: someone pulls a string, and the whole group makes the same gesture, looks in the same direction, nods as one, and sings the very same note in unison.

It brings to mind that eighteenth-century caricature depicting the world as a puppet show, with politicians pulling the strings of the citizenry. Once, that was just a joke. Today, somehow, the joke stopped being funny.

But this kind of manipulation, one that demands blind obedience from its puppets, is in fact a complete negation of puppetry itself. Puppets aren't stupid. They can't simply be manipulated at will. They know how to rebel. They show their own will. And that's why a performance in which the puppeteer flaunts their power and arrogantly tries to bend the puppet to their command simply doesn't work.

The symbiosis of puppet and puppeteer is the finest example of successful collaboration. The puppeteer listens to the puppet, knows what it can and cannot do, what it wants and what it absolutely does not want. They come to an understanding. They spend time together, often and for long stretches, working side by side, getting to know one another, testing each other out...

In puppetry, *what* is shown matters just as much as *how* and *by what means* it is shown: through marionettes on long strings, the mischievous *guarattelle* (the traditional Italian glove puppets), elusive shadows, still figurines, or a puppet brought to life by six puppeteers at once. Or even an excavator. Yes, that too!

Puppets give unstintingly, and each of us takes from them whatever we can, whatever we want, whatever we know how to take.

What will we carry home from this year's PIF?

Usred zime čovjek hoda seoskim krajem. Ne nosi kovčeg, ali ni ne izgleda kao da tamo živi: to je Pierre. Snijeg pada dok ulazi u selo. Traži li nešto? Čini se kao da samo slijedi ono što mu se otvara na putu. Pierre ima jednostavnu dušu – laku, a tešku.

Ova tragična priča bez riječi prekrasno je i kontemplativno iskustvo. Uz pomoć originalne glazbe, ručno rađenih lutki, imerzivne scenografije, sugestivnog osvjetljenja i poetskog pripovijedanja *Pierreov posljednji dan* utjelovljuje prepoznatljiv umjetnički svijet skupine Deraïdenz, koja nam donosi istinski sveobuhvatno kazališno ostvarenje.

DERAÏDENZ, Avignon, Francuska Republika
DERAÏDENZ, Avignon, République Française

DERAÏDENZ, lutkarska kazališna družina iz Avignona, stvara jedinstven, poetski i uznemirujući svijet koji spaja vizualno kazalište, marionete i glazbu. DERAÏDENZ traži duboku emociju, pripitomljuje misterij radosnom ironijom i lucidnom ljepotom korača kroz svijet u ruševinama. Stremi sveobuhvatnom scenskom stvaralaštvu za pozornicu i ulicu, od scenskog pisma i skladanja,

preko izrade scenografije, kostima i lutaka, do života družine, edukacija, kratkih filmova i svega ostalog... svjesni da stvaraju i djeluju u svijetu u ruševinama!

Družina zagovara velikodušno i jedinstveno kazalište, velike ansamble, raznolikost estetika, emocija te načina stvaranja i izvedbe.

PETER'S LAST DAY

In the middle of winter, a man is walking through the countryside. He's not carrying a suitcase, but he doesn't look like a local either: It's Peter. The snow is falling as he reaches a village. Is he looking for something? It seems as if he is simply following what his journey brings him at that very moment. Pierre has a simple heart—light, yet heavy.

This tragic, wordless tale is a cinematic and contemplative experience. With original musical compositions, handcrafted puppets, immersive set design, evocative lighting, and poetic storytelling, *Peter's Last Day* embodies the distinctive artistic universe of Deraïdenz, offering a truly comprehensive theatrical rendition.

Život neverbalna je kazališna predstava za glumca i predmete koja istražuje neumoljiv i neprekidan protok vremena. Pred našim očima likovi se rađaju, rastu, razmnožavaju i umiru, pretvarajući Život u metaforu naših vlastitih života – života koji se neumoljivo kreću u samo jednom smjeru, bez mogućnosti povratka. Ručno izrađeni predmeti imaju vlastitu osobnost, dok same ruke postaju živa bića: protagonisti koji stvaraju pokret, emociju i život. Košara koja pluta, putovanje... Novi život izvire iz svakog kutka, iz svake košare – dragocjeni, jedinstveni i neponovljivi životi.

LIFE

Life is a non-verbal theatre piece for an actor and objects that explores the relentless and constant passage of time. Before our eyes, the characters are born, grow, reproduce, and die, turning VIDA into a metaphor for our own lives — always moving forward, with no possibility of turning back.

Handcrafted objects possess their own personalities, while the hands themselves become living beings: protagonists that create movement, emotion, and life. A drifting basket, a journey... New life emerges from every corner, from every basket — precious, singular, and unique.

**JAVIER ARANDA COMPANY,
Saragossa, The Kingdom of Spain**

Since 2015, the Javier Aranda Company has been exploring the movement of different materials in order to create a stage language of its own, one that merges acting with the manipulation of objects.

Javier Aranda, actor, puppeteer, and director of the company, is an artist from Aragón, trained at the *Escuela de Teatro de Zaragoza*, who continues to refine his craft through ongoing collaboration and training with leading international theatre professionals. With his two productions to date, *Parias* and *Vida*, Javier Aranda has gained both national and international recognition, performing at major theatres and festivals across Spain and in more than fifteen countries worldwide.

Since 2021, the company has been part of Canasta *Escénica*, an initiative dedicated to supporting the development of live arts projects, promoting artistic creation, and expanding access to culture for all.

KAZALIŠTE MLADIH, Novi Sad, Republika Srbija

POZORIŠTE MLADIH, Novi Sad, Republika Srbija

Kazalište mladih osnovano je 1931. godine pod imenom Lutkarsko kazalište, pri Sokolskom društvu u Novom Sadu. Lutkarsko kazalište dobilo je svoju dvoranu 1936. godine izgradnjom Spomen-doma Kralj Aleksandar I. veličanstvene i moderne zgrade koju je projektirao ugledni arhitekt Đorđe Tabaković. Dvorana je imala 179 sjedala, a izgrađena je i nova pozornica. Tijekom Drugog svjetskog rata Kazalište nije radilo i pretrpjelo je veliku štetu - lutke, scenografija i kostimi uništeni su ili ukradeni. Pod nazivom Vojvođansko kazalište lutaka, počelo je s radom odmah nakon završetka

Drama *Zmaj* sovjetskog pisca Jevgenija Ljvoviča Švarca napisana je 1943. u obliku bajke za odrasle, ali s jasnim alegorijskim podtekstom o diktaturi. Radnja je smještena u izmišljeni grad kojim stoljećima vlada okrutni, troglavi zmaj. Stoga se naslov srbijanskog prijevoda drame odnosi i na ovo mitološko biće i na nemilosrdnog vladara - a u priči susrećemo i zmaja u ljudskom obliku, budući da ima moć pretvaranja u ljude. Švarc je dramu napisao imajući na umu alegoriju nacizma - i doista, drakonski režim iz ove bajke ima određene elemente Hitlerove ideologije.

rata, ali uz velike poteškoće. Uslijedila je promjena imena u Gradsko kazalište lutaka, zatim Kazalište lutaka, a 1968. kazalište je dobilo svoje današnje ime. Kazalište mladih prvo je lutkarsko kazalište u Vojvodini i Srbiji. Večernja, poslije Dramska scena, počela je s radom 1991. godine predstavom Čarobnjaci. Od tada kazalište ima dvije scene - Dječju i Dramsku - te predstave izvodi u Maloj, a od 1993. u Velikoj dvorani. U nešto više od osam desetljeća postojanja postavljeno je više od 330 naslova, izvedeno više od 22 000 predstava, a vidjelo ih je više od tri milijuna gledatelja.

THE DRAGON

The play *The Dragon* by the Soviet writer Evgeny Lvovich Schwartz was written in 1943 in the form of a fairy tale for adults, but with a clear allegorical subtext about dictatorship. The story is set in an imaginary city ruled for centuries by a cruel, three-headed dragon. The Serbian title of the play therefore refers both to this mythological creature and to the ruthless ruler - in the story we also encounter the dragon in its human form, as he possesses the power to transform into people. Schwartz wrote the play as an allegory of Nazism, and indeed the draconian regime in this fairy tale contains certain elements of Hitler's ideology.

YOUTH THEATRE,

Novi Sad, Republic of Serbia

The Youth Theatre was founded in 1931 under the name Puppet Theatre, as part of the Sokol Society in Novi Sad. In 1936, the Puppet Theatre received its own venue with the construction of the King Alexander I Memorial Hall, a magnificent and modern building designed by the renowned architect Đorđe Tabaković. The auditorium had 179 seats, and a new stage was built as well. During the Second World War, the theatre ceased operations and suffered extensive damage - puppets, sets, and costumes were destroyed or stolen.

Under the name Vojvodina Puppet Theatre, it resumed work immediately after the war, though under very difficult circumstances. This was followed by several name changes: first to City Puppet Theatre, then Puppet Theatre, and finally, in 1968, the theatre received its present name. The Youth Theatre was the first puppet theatre in both Vojvodina and Serbia. The Evening Department, later renamed the Drama Department, began operating in 1991 with the production *The Magicians*. Since then, the theatre has had two departments: the Children's Department and the Drama Department. Performances were first staged in the Small Hall, and from 1993 onwards also in the Great Hall.

In just over eight decades of existence, the theatre has staged more than 330 productions, performed over 22,000 shows, and welcomed more than three million audience members.

Damúzu su 1999. godine osnovali studenti DAMU-a (Divadelní fakulta akademie múzických umění v Praze / Kazališni fakultet Akademije izvedbenih umjetnosti u Pragu). Danas je *Damúza* produkcijska platforma koja podržava mlade kazališne umjetnike i ambiciozne projekte studenata i umjetnika koji su nedavno diplomirali na DAMU-u. Fokusirani su na autorske produkcije, osobito u području lutkarstva, vizualnog te objektnog kazališta za djecu i odrasle.

Mladim umjetnicima na početku karijere omogućuje realizaciju vlastitih kazališnih projekata i stjecanje iskustva u praksi. Osim toga, profesionalnim umjetnicima daje prostor za samostalan rad, kreativnost, eksperimentiranje i umjetničko izražavanje. Glavni dio njihova repertoara čine lutkarske predstave za obitelji s djecom, u kojima mlada publika postaje njihov ravnopravan partner. Cilj im je da roditelji istinski uživaju u vremenu koje provode sa svojom djecom u kazalištu.

DESERT

Water!

A plane crashes in the desert. It's essential to find water, repair the plane, and get back home. Without water, strength wanes, and the mind starts to hallucinate. Strange figures, animals, and objects begin to appear in the endless scorching sand. The pilot's desires, dreams, and fears. A sweet illusion that is easy to succumb to. A sticky feeling of dryness is felt on the palate. Water! He must not give in to the confused senses. He must find water! There is no other way. Or is there?

DAMÚZA Prague, Czech Republic

Drugovi i krugovi lutkarska je i multimedijaska predstava o spartakijadi, beskonačnosti i životu u Čehoslovačkoj tijekom razdoblja normalizacije. Izvedba spaja dvodimenzionalno papirnatu

lutkarsko kazalište u kutiji s prozorčićem (peep box) sa složenim tehnologijama. Rezultat je jedinstvena kombinacija animacije lutaka u stvarnom vremenu i preciznosti stroja.

„Tehnološka razina predstave u kombinaciji s glumom gledatelju može pružiti posve novu perspektivu na mogućnosti lutkarskog kazališta“, kaže Marta Hermannová.

Radnja predstave *Drugovi i krugovi* smještena je u razdoblje normalizacije u Čehoslovačkoj i tematski je usredotočena na karakteristična obilježja i atmosferu tog vremena. Važna tema predstave jest spartakijada i njezino značenje za tadašnje socijalističko društvo, bilo ono stvarno ili prikazano kroz totalitarne medije. Predstava nema jezičnih barijera i dostupna je široj publici.

LOOPS AND HOOPS

Loops and Hoops is a puppet and multimedia production about the Spartakiad, infinity, and life in Czechoslovakia during the normalization period. The production combines two-dimensional paper puppet theatre in a classic peep box with complex technologies. This results in a unique combination of live puppet animation and machine precision.

“The technological level of production, combined with live acting, can provide the viewer with a completely new perspective on the possibilities of puppet theatre,” says Marta Hermannová.

Loops and Hoops is set in the period of normalization in Czechoslovakia and thematically focuses on the characteristic features and the atmosphere of this era. An important theme is the Spartakiad and its significance for the socialist society at the time – whether real or portrayed by the totalitarian media. The production has no language barriers and is accessible to a wider audience.

Poetski svijet lutaka s prepoznatljivom vizualnom estetikom i suptilnom animacijom nudi jedinstveno kazališno iskustvo posvećeno 150. obljetnici rođenja Ivana Cankara. Predstava je slojevit i vizualno bogat lutkarski portret jednog od najvažnijih slovenskih književnika.

Foto / Photo by: Boštjan Lah

Polazeći od Cankarova iznimno bogatog opusa, koji obuhvaća pripovijetke, drame, romane i pisma, u predstavi se istražuju središnje teme njegova stvaralaštva: čežnja, krivnja, društvena nejednakost, erotika, vjera, rat i smrt.

Ova predstava ne obilježava samo važnu obljetnicu, već je i duhovito, dirljivo i ponekad mračno scensko promišljanje rada autora čije su ideje i danas žive, inspirativne i relevantne. Ispreplitanjem lutkarstva, dramske adaptacije i sugestivnih scenskih prikaza, Silvan Omerzu stvara osebujan kazališni izričaj kojim oživljava Cankarove ideje.

KAZALIŠTE LUTAKA MARIBOR, Republika Slovenija Lutkovno gledalište Maribor, Republika Slovenija

Osnovano 1974. godine, Kazalište lutaka Maribor tijekom posljednjih pedeset godina profiliralo se kao kazalište prvenstveno posvećeno predstavama za djecu, no njegov repertoar obuhvaća i produkcije za mlade i odrasle. Godine 2010. kazalište se preselilo u novi dom – obnovljeni minoritski samostan na obali rijeke Drave, koji ima dva izvedbena prostora (veliku i malu dvoranu) te lutkarski muzej. Taj novi prostor

proširio je mogućnosti umjetničkog istraživanja svijeta lutkarstva.

Kazalište svake godine postavlja najmanje pet novih predstava za publiku svih uzrasta, te razvija širok spektar edukativnih programa koji nadopunjuju njegov umjetnički rad. Osim toga, svake godine organizira međunarodni lutkarski festival *Poletni lutkovni pristan*, a svake druge godine Bijenale slovenskih lutkarskih umjetnika.

CANKAR

A poetic world of puppets with a distinctive visual aesthetic and subtle animation creates a unique theatrical experience celebrating the 150th anniversary of the birth of Ivan Cankar. The production is a complex and visually layered puppet portrait of one of Slovenia's greatest writers.

It draws on Cankar's exceptionally rich oeuvre, including short stories, plays, novels and letters, and explores themes central to his writing: longing, guilt, social inequality, eroticism, faith, war, death.

More than a tribute marking an important anniversary, the performance is a witty, moving and at times dark visual exploration of a creator whose ideas remain vivid, inspirational and relevant today. Through the interplay of puppetry, dramatic adaptation and evocative imagery, Silvan Omerzu crafts a distinctive theatrical language that brings Cankar's ideas to life.

MARIBOR PUPPET THEATRE, Republic of Slovenia

Founded in 1974, Maribor Puppet Theatre has, over the past fifty years, established itself as a theatre primarily dedicated to performances for children, but its repertoire also includes productions for young people and adults.

In 2010, the theatre moved to a new home – a renovated Minorite monastery on the banks of the Drava River, featuring two performance spaces (one large and one small hall) and a puppet museum. These new facilities opened up broader possibilities for the artistic exploration of the world of puppetry.

Each year, the theatre produces at least five new performances for audiences of all ages and develops a wide range of educational programmes that complement its artistic work. It also organises an international puppet festival – Summer Puppet Pier every year, and the Biennial of Slovenian Puppet Artists every other year.

Predstava prikazuje tijek jedne godine. Oko klupe na gradskom trgu izmjenjuju se godišnja doba dok tri osamdesetogodišnjaka i drzak pas pokušavaju živjeti zajedno u slozi (ili neslozi).

U tom svakodnevnom svijetu sitnih sukoba i uobičajenih rutina pojavljuje se znatno impozantnije lice: smrt. Neobičan lik koji ih promatra, vreba i susreće se s njima tijekom cijele predstave, neprestano tražeći načine da ih uhvati i odvede. Starija trojka i pas izbjegavaju je, ignoriraju, suprotstavljaju joj se i bježe od nje, čineći sve što mogu kako bi nastavili živjeti.

Kroz scene koje su istodobno jednostavne i duboke predstava istražuje ljudsku krhkost, navike i rituale, radost malih stvari, ljutnju, prijateljstvo, toleranciju, humor, glazbu i usamljenost.

Njihova predstava Manual odabrana je za IN program Festivala Mondial des Théâtres de Marionnettes u Charleville-Mézièresu 2023.

RAGS

The play unfolds over the course of a year. Around a bench in a town square, the seasons come and go as three octogenarians and an unscrupulous dog attempt to live together in harmony (or not).

Within this everyday world of small conflicts and ordinary routines, a far greater presence emerges: death. A peculiar figure who watches, stalks, and confronts them throughout the play, constantly seeking ways to catch them and carry them away. The elderly trio and the dog evade, ignore, challenge, and run from her, doing everything they can to keep going.

Through moments both simple and profound, the play explores human fragility, habits and rituals, the joy found in small things, anger, friendship, tolerance, humour, music, and loneliness.

Vitezove u pričama volimo zato što su čiste otjelovljene vrijednosti koje svi želimo imati. Hrabrost, poštenje, požrtvovnost i nesebičnost iz vitezova isijavaju blistavije od njihovih oklopa. Kralj Ping u našoj predstavi svom vitezovima kaže: „Ne treba ti mač, hrabrost je najbolje oružje“, jer, na kraju, viteški oklop je samo komad metala ako ispod njega ne kuca viteško srce.

No, ma kako snažno, nijedno srce nije od kamena. Na njegove otkucaje utječu naše riječi, misli i djela, pa zato prema njemu treba biti nježan. Svakom treba da netko u njega vjeruje i pruži mu priliku da se dokaže.

U kraljevstvu Ping, umjesto tradicionalnoga stolnoteniskog turnira, ovoga će se puta odigrati sasvim drugačiji meč. Onaj između stanovnika kraljevstva i čudnoga kovačevog sina koji će na viteški zadatak krenuti s pola pameti, ali bar toliko većim srcem. Hoće li to biti dovoljno?

DJEČJE KAZALIŠTE BRANKA MIHALJEVIĆA U OSIJEKU Republika Hrvatska

Dječje kazalište Branka Mihaljevića u Osijeku svoj rad počelo je 1950. godine kao Pionirsko kazalište u kojemu su u predstavama nastupala djeca amateri. Sa svojim je predstavama gostovalo na svim relevantnim festivalima kako u zemlji tako i inozemstvu, te je za svoja umjetnička dostignuća dobilo brojne nagrade i priznanja.

THE BLACKSMITH'S STRANGE SON

We love knights in stories because they embody the values that we all aspire to possess. Their courage, honesty, self-sacrifice, and selflessness shine more brightly than their armour. In our play, King Ping tells his knight: “You do not need a sword; courage is the best weapon.” Because, in the end, a knight’s armour is just a piece of metal if there is no knightly heart beating beneath it.

However strong it may be, no heart is made of stone. It is shaped by our words, thoughts, and actions, which is why it must be treated gently. Everyone needs someone who believes in them and gives them a chance to prove themselves.

In the kingdom of Ping, instead of a traditional table tennis tournament, a very different match will take place. It is a contest between the inhabitants of the kingdom and the blacksmith’s strange son, who sets off on his knightly quest with half the sense, but twice the heart. Will that be enough?

THE WINDOW

Režija / Direction: David Zuazola

Glazba / Music: Lazar Novkov

Negdje, u bolnici koja se doima kao izvan vremena samoga, dva pacijenta dijele sobu i tešku tišinu čekanja. Gospodin White, sjedeći kraj prozora skrivenog iza teške zavjese, svakoga dana gleda u park – svijet pun života, boja i pokreta: ošamućenog čovjeka koji šeće psa, prodavača balona, djecu koja trče i smiju se, prodavača sladoleda. Svakom pričom

koju ispriča svom sustanaru, gospodinu Blacku, čini se kao da udahnuje život stvarnosti koja postoji nadomak hladnih bolničkih zidova.

Jednoga dana neočekivan trenutak urušava tu krhku rutinu. Gospodin Black ostaje sam. Kada ga napokon premjestite do prozora, s nadom u srcu povlači zavjesu. Ono što će otkriti dovest će u pitanje sve što je mislio da zna o svijetu, o drugome i o sebi.

Prozor je vizualna i poetska meditacija o krhkosti percepcije, ljudskoj potrebi za smislom i dubokoj čežnji za svjetlom, čak i ondje gdje se čini da više nema nijednog prozora.

KAZALIŠTE ZA DJECU I MLADE MERLIN, Temišvar, Rumunjska TEATRUL PENTRU COPII SI TINERET MERLIN, Timișoara, România

Osnivanje Lutkarskog kazališta u Temišvaru (današnjeg Kazališta za djecu i mlade Merlin) 30. travnja 1949. godine bilo je i službeno priznanje dugogodišnje umjetničke tradicije. Njegova osnivačica, ravnateljica Florica Teodoru, okupila je skupinu studenata i osnovala prvi lutkarski ansambl u zapadnoj Rumunjskoj, koji je izvodio male adaptacije i dramatizacije rumunjskih narodnih bajki.

U početku je Lutkarsko kazalište djelovalo u bliskoj vezi s Državnim kazalištem u Temišvaru, i to sve do 1954. kada postaje samostalna institucija. Godine 1956. kazalište dobiva vlastite prostorije u zgradi kulturne baštine, nakon čega se njegov repertoar znatno proširuje te ubrzo slijedi i nacionalno priznanje.

Tijekom godina povijest kazališta oblikovali su istaknuti umjetnici iz Banata, Rumunjske i inozemstva, što je rezultiralo hvaljenim predstavama koje su osvojile brojne nagrade.

Godine 1996. ta institucija prelazi pod nadležnost Vijeća Tamiške županije, a 2000. godine dobiva naziv Kazalište za djecu i mlade Merlin, čime dodatno širi svoj doseg publike.

Danas Kazalište Merlin ima raznolik repertoar koji uključuje više od 30 predstava za djecu i mlade. Sve brojnim umjetničkim i edukativnim projektima nastoji stvoriti kulturno središte koje okuplja cijelu obitelj, odražava multikulturalni karakter regije te otvara prostor suvremenim i avangardnim tendencijama.

THE WINDOW

Somewhere, in a hospital that feels suspended outside of time, two patients share a room and the heavy silence of waiting. Mr White, sitting by the window hidden behind a thick curtain, looks out each day onto a park — a world full of life, colour, and movement: a dazed man walking his dog, a balloon seller, children running and laughing, an ice cream vendor. With each story he tells his fellow patient, Mr Black, he seems to bring to life a reality that exists beyond the cold hospital walls.

One day, an unexpected moment disrupts this fragile routine. Mr Black is left alone. When he is finally moved to the window, he draws back the curtain with a hopeful heart. But what he is about to discover will call into question everything he thought he knew — about the world, about the other, and about himself.

The Window is a visual and poetic meditation on the fragility of perception, the human need for meaning, and the deep longing for light — even in places where it seems there is no window left.

MERLIN THEATRE FOR CHILDREN AND YOUTH Timișoara, Romania

The establishment of the Timișoara Puppet Theatre – today the Merlin Children and Youth Theatre – on 30 April 1949 marked the official recognition of a long-standing artistic tradition. Its founder, director Florica Teodoru, brought together a group of students to form the first puppeteering ensemble in western Romania, presenting small adaptations and dramatizations of Romanian fairy tales.

Initially, the Puppet Theatre operated in close connection with the Timișoara State Theatre until 1954, when it became an independent institution. In 1956, the company acquired its own premises in a heritage building, after which its repertoire expanded significantly and national recognition soon followed.

Over the years, the theatre's history has been shaped by prominent artists from Banat, Romania, and abroad, resulting in acclaimed productions that have received numerous awards.

In 1996, the institution came under the authority of the Timiș County Council, and in 2000 it adopted the name Merlin Children and Youth Theatre, further expanding its audience reach.

Today, the Merlin Theatre presents a diverse repertoire of more than 30 productions for children and young people. Its increasingly numerous artistic and educational projects aim to create a cultural centre that brings together the entire family, reflects the multicultural character of the region, and remains open to contemporary and avant-garde trends.

Mišić Julijan (2019.) slikovnica je o povučenom mišu Julijanu autora i ilustratora Joea Todd-Stantona, dobitnika nagrade Waterstones Children's Book Prize. Miš radije provodi dane sam nego u društvu svojih susjeda i drugih stanovnika naselja i u tome u potpunosti uživa.

Foto / Photo by: Nika Hödl

Spletom okolnosti povučeni Julian jednoga dana upozna lisicu. Iako su isprva sramežljivi i suzdržani, dvoje junaka ubrzo zajedno uživaju u ugodnoj večeri te postupno shvaćaju da su jedno u drugome pronašli prijatelja za život. Dvije potpuno različite životinje, koje bi u prirodi mogle biti grabežljivac i plijen, sklapaju prijateljstvo koje se na prvi pogled čini nemogućim.

Predstava se temelji na temama prevladavanja straha, vrijednosti prijateljstva i međuljudskih odnosa, a režiju potpisuje renomirana i nagrađivana animatorica Asja Kahrmanović. U svom redateljskom debiju koristi lutke koje je izradio ilustrator, glazbenik, grafički dizajner i svestrani umjetnik Jure Engelsberger, poznat pod imenom Engels. Zajedno s proširenim kreativnim timom stvorili su nježnu, ali uzbudljivu avanturu koja nam pokazuje da život može biti ljepši ako s vremena na vrijeme dopustimo drugima da nam se približe.

A MOUSE CALLED JULIAN

A Mouse Called Julian (2019) is a picture book about a reclusive mouse called Julian by Waterstones Children's Book Prize-winning author and illustrator Joe Todd-Stanton. The mouse prefers to spend his days alone rather than in the company of his neighbours and other residents of his neighbourhood. And he absolutely loves it.

By a strange coincidence, the reclusive Julian one day meets a fox. Initially timid and reserved, the two heroes soon find themselves having a nice dinner and slowly realise that they have found a friend for life in each other. Two completely different animals, which in nature could also be in a predator-prey relationship, become involved in a friendship that, at first glance, should never have developed.

The production is based on the themes of overcoming fear, the richness of friendship and relationships and is directed by the renowned and award-winning LGL animator Asja Kahrmanović. The production, which marks her directorial debut, uses puppets made by the illustrator, musician, graphic designer and versatile artist Jure Engelsberger, known as Engels. Together with an extended creative team, they have created a gentle but exciting adventure that emphasises that life can be more enjoyable if we let others in once in a while.

Dvojica dječaka, Huck i Jim, bježe iz svijeta odraslih koji im nameće pravila i nepravde te na splavi kojom plove niz rijeku Mississippi traže slobodu i prostor u kojem mogu biti svoji. Putovanje ih vodi kroz niz pustolovina, od susreta s trgovcima robljem i komičnim prevarantima do stvarnih opasnosti i odluka koje traže hrabrost.

Foto / Photo by: Ines Novković

Ova predstava donosi Twainovu poznatu priču u suvremenom kazališnom duhu, spajajući živu glumu, lutke i glazbu. Humor i energični songovi izmjenjuju se s emotivnim prizorima stvarajući atmosferu u kojoj publika svih uzrasta može doživjeti pustolovinu, ali i prepoznati pitanja koja su jednako važna danas kao i u vrijeme nastanka romana.

U središtu priče i predstave je jednostavna, ali bitna misao - sloboda nije samo bijeg od pravila nego i spremnost da čujemo i prihvatimo drugog i drugačijeg. Huck i Jim svojim prijateljstvom pokazuju da hrabrost i povjerenje mogu nadijačati predrasude i strah.

Putovanje Hucka i Jima podsjeća nas da se kroz pustolovine može zabaviti, ali i nešto naučiti. Djeca će u ovoj priči otkriti koliko su hrabrost, prijateljstvo i znatiželja važni za slobodu. Putovanje Hucka i Jima potiče da vjeruju kako svatko može pronaći svoj put, svoje mjesto i svoje prijatelje, bez obzira na prepreke.

ADVENTURES OF HUCKLEBERRY FINN

Two boys, Huck and Jim, escape from the world of adults that imposes rules and injustices on them, and set out on a raft drifting down the Mississippi River in search of freedom and a place where they can be themselves. Their journey takes them through a series of adventures, from encounters with slave traders and tricksters to real dangers and decisions that require courage.

This performance brings you Twain's well-known story in a contemporary theatrical form, combining live acting, puppetry, and music. Humour and energetic songs alternate with emotional scenes, creating an atmosphere in which audiences of all ages can experience adventure, while also recognising issues that are just as relevant today as they were when the novel was written.

At the heart of the story and the performance lies a simple but essential idea: freedom is not only escape from rules, but also the willingness to listen to and accept others who are different. Through their friendship, Huck and Jim show that courage and trust can overcome prejudice and fear.

The journey of Huck and Jim reminds us that adventure can be both entertaining and educational. In this story, children learn how important courage, friendship, and curiosity are for freedom. The journey encourages Huck and Jim to believe that everyone can find their own path, their own place, and their own friends, regardless of the obstacles.

LE GUARETTELLE DI PULCINELLA

Autor i izvođač / Created and performed by: Gianluca Di Matteo

Predstava je adaptacija tradicionalne narodne priče koja potječe iz 17. stoljeća. Pulcinellu, glavni lik, napao je pas, pa on zatraži pomoć njegova vlasnika. No vlasnik iskorištava situaciju i zahtijeva plaćanje u zamjenu za oslobođenje.

To uzrokuje sukob koji dovodi do usmrćenja vlasnika psa te pojave same Smrti, s kojom se Pulcinella mora suočiti prije nego što se ponovno susretne sa svojom voljenom.

**PIFKOVA POVORKA
THE PIFKO'S PARADE**

Pifkova povorka jedan je od najprepoznatljivijih simbola Međunarodnog festivala kazališta lutaka i trenutak u kojem festival izlazi iz kazališnih prostora te postaje dio svakodnevice grada. Ona je ritual kojim festival već desetljećima potvrđuje svoju otvorenost, prisutnost u javnom prostoru i poslanje kojim lutkarstvom povezujemo zajednicu, potičemo maštu i stvaramo zajedničko iskustvo koje nadilazi dobne i umjetničke granice.

Na čelu povorke od 1990. godine nalazi se PIFKO, gigantska festivalska maskota koju je osmislila i izradila akademska slikarica prof. Mira Dulčić. Njezina pojava označila je početak nove vizualne prepoznatljivosti festivala. PIFKO nije samo maskota nego i svojevrsni ambasador PIF-a koji iz godine u godinu predvodi povorku umjetnika, lutkara, djece, bubnjara i brojnih sudionika te poziva građane da postanu dio festivalskog slavlja.

Povorka iz godine u godinu okuplja domaće i međunarodne umjetnike, glazbene skupine, hodače na štulama, velike i monumentalne lutke i brojne generacije zaljubljenika u lutkarstvo. Svako izdanje donosi nove sadržaje, ali njezina temeljna ideja ostaje ista: otvoriti festival gradu i omogućiti da prvi susret s PIF-om bude radostan, razigran i dostupan svima.

The Pifko's parade is one of the most recognisable symbols of the International Puppet Theatre Festival, marking the moment when the festival steps beyond the theatre and becomes part of the city's everyday life. It is a ritual through which, for decades, the festival has affirmed its openness, its presence in public space, and its mission to bring communities together through puppetry, inspire imagination, and create shared experiences that transcend age and artistic boundaries.

Leading the parade since 1990 is PIFKO, the festival's giant mascot, conceived and created by Professor Mira Dulčić, an academic painter. Its appearance marked the beginning of a new visual identity for the festival. More than simply a mascot, PIFKO has become an ambassador of PIF, year after year leading a colourful procession of artists, puppeteers, children, drummers, and countless participants, inviting the citizens of Zagreb to join the festival celebration.

Each year, the parade brings together Croatian and international artists, musical ensembles, stilt walkers, large-scale and monumental puppets, and generations of puppet theatre enthusiasts. While every edition introduces new performances and participants, its central idea remains unchanged: to open the festival to the city and ensure that every first encounter with PIF is joyful, playful, and accessible to all.

DRUGA STRANA BAJKE / BEHIND THE FAIRY TALE

Što ako priče koje poznajemo nisu ispričane do kraja?

Što ako zločesti vuk zapravo nije toliko strašan koliko smo mislili?

Ova duhovita i poučna predstava vodi nas u svijet poznatih bajki iz potpuno drugačije perspektive – one o kojoj se rijetko govori. Kroz susret sa „zločestim“ vukom otkrivamo koliko predrasude i glasine mogu utjecati na naše mišljenje te koliko je važno saslušati i drugu stranu priče.

Predstava je nastala kao završni ispit iz lutkarstva na 3. godini prijediplomskog sveučilišnog studija glume i lutkarstva u akademskoj godini 2025./26.

What if the stories we know were never fully told?

What if the Big Bad Wolf isn't as frightening as we've always believed?

This witty and thought-provoking performance takes us into the world of familiar fairy tales from a completely different perspective – one that's rarely heard. Through an encounter with the so-called Big "Bad" Wolf, we discover how prejudice and rumours can shape our opinions, and why it's so important to hear the other side of the story.

This production was created as the final puppetry examination for the third year of the undergraduate Acting and Puppetry programme during the 2025/2026 academic year.

Studenti glume i lutkarstva sa svojim su lutkarskim izvedbama s velikim uspjehom gostovali na festivalima u zemlji i inozemstvu (Slovačkoj, Rusiji, Srbiji, Bosni i Hercegovini, Poljskoj, Italiji). Redovito gostuju na PIF-u prikazujući u svojim završnim i diplomskim ispitnim produkcijama nove načine lutkarskog razmišljanja i svježa scenska rješenja.

The Academy of Arts and Culture in Osijek is the only artistic-teaching organisational unit of the University of Josip Juraj Strossmayer in Osijek. It started operating independently in the academic year 2004/2005 as the Academy of Arts in Osijek. Today, it has six departments. There are several undergraduate university study programmes, including Acting and Puppetry, and Design for Theatre, Film and Television (which includes puppet design and technology). The Academy of Arts and Culture has the only puppetry programme in Croatia (and neighbouring countries). At the Department of Theatre Arts, as part of the Acting and Puppetry study programme, students study both dramatic acting and puppetry and acquire a bachelor's degree in acting and puppetry. Graduate university programmes include the Puppetry Animation study programme and Puppetry Directing study programme.

The Academy contributes to the cultural and artistic life of the city of Osijek by organizing various cultural and artistic events, such as the festivals Dioniz and Lutkokaz (Dioniz festival and Lutkokaz (an international puppetry revue – a meeting of puppetry academies and young puppeteers).). Acting and puppetry students successfully toured their puppet performances at festivals in the country and abroad (Slovakia, Russia, Serbia, Bosnia and Herzegovina, Poland and Italy). They are regular guests at PIF, where they showcase their undergraduate and graduate exam productions, new puppetry approaches, and stage performance innovations.

PINOKIO / PINOCCHIO

Pinokio ili kako se postaje čovjek

Svi znamo priču o majstoru Geppetu koji odluči napraviti dječaka Pinokija iz komada drveta. Iz jedne posebne cjepanice. No priča tu tek počinje. Kako se postaje čovjek? Što nas sve oblikuje, što sve utječe na nas i kako mi svim tim izazovima odolijevamo i, još važnije, kako na njih reagiramo. Pinokio na putu prema školi susreće vršnjačko nasilje, zabavu bez odgovornosti i brze načine zarade. Svaki događaj ima izbor i svaki izbor ima posljedicu, a svaka posljedica na njega ostavlja trag. Oblikuje ga.

Predstava polazi od ideje da se čovjek ne postaje samim rođenjem. Njegova se duša gradi u odnosu prema drugima — u sposobnosti da vidiš drugoga, da osjetiš odgovornost, da priznaš pogrešku. Nije presudno od čega je netko načinjen, nego kako se odnosi prema drugima.

Pinokio na kraju ne postaje čovjek zato što je bez pogreške, nego zato što preuzima odgovornost za ono što je učinio.

Predstava Pinokio ispitna je predstava 2. godine sveučilišnog diplomskog studija Glume i lutkarstva (Asja Vidović i Matej Žerjav) i 2. godine sveučilišnog diplomskog studija Lutkarska režija (Davor Dokleja) na Akademiji za umjetnost i kulturu u Osijeku, akademska godina 2025/26.

Pinocchio, or How One Becomes Human

We all know the story of Master Geppetto, who decides to carve a boy named Pinocchio from a piece of wood – a very special log. But that is only where the story begins.

How does one become human? What shapes us, what influences us, and how do we withstand life's challenges? More importantly, how do we respond to them? On his way to school, Pinocchio encounters peer bullying, entertainment without responsibility, and the lure of easy money. Every situation presents a choice, every choice has consequences, and every consequence leaves its mark on him. It shapes him.

The performance is based on the idea that a person does not become truly human simply by being born. The human soul is formed through relationships with others – in the ability to see another person, to feel responsibility, and to acknowledge one's mistakes. What matters is not what someone is made of, but how they treat others.

In the end, Pinocchio does not become human because he is flawless, but because he takes responsibility for his actions.

Pinocchio is an examination production created by second-year students of the Master's programme in Acting and Puppetry (Asja Vidović and Matej Žerjav) and the Master's programme in Puppetry Directing (Davor Dokleja) at the Academy of Arts and Culture in Osijek during the 2025/26 academic year.

PREDSTAVE NA OTVORENOM OUTDOOR PERFORMANCES

PULCINELLINE DOGODOVŠTINE **LE GUARETTELLE DI PULCINELLA** **PULCINELLA PUPPET SHOW**

Predstava je adaptacija tradicionalne narodne priče koja potječe iz 17. stoljeća. Pulcinellu, glavni lik, napao je pas, pa on zatraži pomoć njegova vlasnika. No vlasnik iskorištava situaciju i zahtijeva plaćanje u zamjenu za oslobođenje.

To uzrokuje sukob koji dovodi do usmrćenja vlasnika psa te pojave same Smrti, s kojom se Pulcinella mora suočiti prije nego što se ponovno susretne sa svojom voljenom.

Ova jednostavna, ali upečatljiva priča o klasičnim vrijednostima privlači publiku svih uzrasta. Ispričana jezikom lutkarstva postigla je velik uspjeh diljem svijeta.

Priča za sve uzraste, za sve zemlje.

The play is an adaptation of a traditional folktale that dates back to the 17th century. Pulcinella, the protagonist, is attacked by a dog, so he seeks help from its owner. However, the owner takes advantage of the situation and demands payment in exchange for his release.

This leads to a conflict that results in the demise of the dog's owner and the appearance of Death, whom Pulcinella must confront before he can reunite with his beloved.

A simple story with timeless values, it is told with strength and rhythm, and has the power to engage audiences of all ages. Through the language of puppetry, it has achieved great success around the world.

A tale for all ages, for all countries.

KRAVA NA MJESECU COW ON THE MOON

Koferasta klaunsko-lutkarska predstava *Krava na mjesecu*, nastala prema slikovnici Dušana Vukotića, donosi toplu, duhovitu i maštovitu svemirsku avanturu koja stane u jedan kofer. Iz njega pripovjedačica i lutkarica otvara mali svijet priča, lutaka i klaunskih trenutaka te vodi publiku na putovanje sve do Mjeseca, gdje ništa nije nemoguće.

Predstava je pokretna i prilagodljiva različitim prostorima – može se izvoditi u parkovima, dvorištima, na trgovima, livadama ili u kazalištima. Otvaranjem kofera svaki prostor postaje pozornica. U središtu priče su Branka Svemirka, Darko Darkec – zvani Darkaut astronaut – i neodoljiva Krava na mjesecu. Njihove pustolovine oživljavaju kroz lutkarstvo, pripovijedanje i interakciju s djecom, stvarajući razigrani mali svemirski cirkus. Predstava je namijenjena djeci te svima koji vole nježan humor, maštu i kazališnu igru

The clown-and-puppet show *The Cow on the Moon*, inspired by the picture book by Dušan Vukotić, brings a warm, humorous, and imaginative space adventure that fits inside a single suitcase. From it, the storyteller and puppeteer unfolds a small world of stories, puppets, and clowning moments, leading the audience on a journey all the way to the Moon, where nothing is impossible.

The performance is mobile and adaptable to a variety of spaces – it can be staged in parks, courtyards, squares, public lawns, or theatres. Once the suitcase is opened, any place becomes a stage. At the heart of the story are Branka Svemirka, Darko Darkec – also known as Darkaut the Astronaut – and the irresistible Cow on the Moon. Their adventures come to life through puppetry, storytelling, and interaction with children, creating a playful little cosmic circus. The performance lasts 30 minutes and is intended for children and everyone who enjoys gentle humour, imagination, and theatrical play.

CRVENKAPICA U PROMETU **LITTLE RED RIDING HOOD IN TRAFFIC**

U ovoj predstavi Crvenkapica ne ide baki kroz šumu, već kroz prometnu gužvu. Opasnost je za nju neoprezan vozač i auto – vuk koji je može ugroziti, pa makar ona sve dobro učinila i prelazila cestu preko zebre na zeleno svjetlo.

Predstava na pametan način podučava djecu da uvijek pogledaju lijevo-desno-lijevo kada prelaze cestu. Ova edukativna predstava odlična je prilika za učenje prometnih pravila i ponašanja svih sudionika u prometu.

Predstava Max teatra Crvenkapica u prometu iz 2007. godine igrana je 550 puta diljem Hrvatske. Na YouTube kanalu snimka predstave broji više od 134.000 pregleda. Zbog

velikog interesa ponovno je vraćena na scenu Max teatra, a premijerna obnova predstave održana je 26. rujna 2025.

In this play, Little Red Riding Hood does not go through the forest to visit her grandmother, but through heavy traffic. The danger she faces is an inattentive driver and a car — a wolf that can endanger her, even if she does everything right and crosses the road at a pedestrian crossing when the light is green.

The performance cleverly teaches children to always look left–right–left when crossing the street. This educational play is an excellent opportunity to learn traffic rules and the proper behaviour of all road users.

Since 2007, this Max Theatre production Little Red Riding Hood in Traffic has been performed 550 times across Croatia. The recording of the performance on YouTube has over 134,000 views. Due to great interest, it has been brought back to the stage of Max Theatre, with the revival premiere taking place on 26 September 2025.

Igrokaz donosi razigrani svijet životinja našega podneblja, čaroliju Staroga grada te poetičnu igru koja dočarava rijeku Kupu. Uz marionete, pojavljuju se i štapne lutke ljudi i životinja, ginjol lutke i zijevalice, a poseban ugođaj stvaraju zvukovi prirode izvedeni na didaktičkim instrumentima. Lutkarska igra slavi dječju kreativnost, lutkarsku umjetnost i ljepotu našega grada, a završava pjesmom i veseljem u Starom gradu.

Puppet Show in Our Town is a joyful puppet performance filled with music, playfulness, and children's imagination. Guiding the audience through this unusual show is a formally dressed Raven – a charming marionette and witty master of ceremonies – as puppets created with great care and creativity by participants of a puppet-making workshop come to life on stage. The performance presents a lively world of local wildlife, the magic of the Old Town, and a poetic interpretation of the river Kupa. Alongside marionettes, the audience will encounter rod puppets depicting people and animals, as well as various types of hand puppets. The atmosphere is enriched by nature sounds performed on educational musical instruments. Celebrating children's creativity, the art of puppetry, and the beauty of our town, the performance concludes with song, laughter, and a festive gathering in the Old Town.

TKO JE UKRAO ZIMU? / WHO STOLE WINTER?

Osnovna škola Frana Galovića, lutkarska skupina Mali lutkari
Fran Galović Elementary School, Little Puppeteers puppetry group

Lutkarski igrokaz *Tko je ukrao zimu?* govori o nestanku zime i zbunjenosti među likovima koji ne razumiju zašto nema snijega ni hladnoće. Kroz razgovor i potragu otkrivaju da je zima nestala zbog ljudskog nemara prema prirodi i okolišu. Na kraju shvaćaju koliko je važno čuvati prirodu kako bi se godišnja doba mogla normalno izmjenjivati.

The puppet play *Who Stole Winter?* tells the story of the disappearance of winter and the confusion among the characters, who cannot understand where the snow and cold weather

had gone. Through conversations and their search for answers, they discover that winter has vanished because of human disregard for nature and the environment. In the end, they realise the importance of protecting nature so that the seasons can continue to follow their natural cycle.

PRIČE O ŽIVOTINJAMA / STORIES ABOUT ANIMALS

Lutkarski studio Zvezdana Ladika Učilišta Zagrebačkog kazališta mladih, skupina P2
 Zvezdana Ladika Puppetry Studio of the Zagreb Youth Theatre College, group P2

Grupa P2 sastavljena je od polaznika koji su nekoliko godina u studiju, uzrasta od 7. razreda osnovne škole do srednjoškolaca. Nakon prošlogodišnje predstave *Uživo s Olimpa* koja je nagrađena na ovogodišnjem SKAZ-u (Susret kazališnih amatera Zagreba) kao predstava s najboljim vizualnim rješenjem, ove godine grupa se bavila komičnim u lutkarskom mediju. Odabrali su desetak Kishonovih priča iz zbirke *Priče o životinjama* u kojima su pokušali uspostaviti nekoliko različitih linija koje bi cijelu kolažnu strukturu ujedinile u scenski produkt. Najprije su eksperimentirali s idejom kako prikazati ljudske likove koji su u pričama vrlo živopisni, ali ipak u sjeni svojih kućnih ljubimaca/životinja koje zapravo vode igru i pokreću radnju. Tako su došli do ideje da se ljudi pokažu u rasponu od potpuno apstraktnih oblika preko plošnih, jednostavnih likova do glumca s maskom i naposljetku samo glumca. Životinje su glavni akteri radnje i uvijek su prikazane na istom nivou figurativnosti. Bavili su se i pitanjem govora, teksta koji su prikazali kao zaseban motiv koji se razvija od neverbalnog izraza preko napisanog teksta, zvukova, govora u *offu* te na koncu dijaloga.

Group P2 is made up of participants who have been attending the studio for several years and range in age from seventh-grade primary school pupils to secondary school students. Following last year's production, *Live from Olympus*, which received the award for Best Visual Design at this year's SKAZ (Zagreb's amateur theatre revue), the group turned its attention this year to exploring comedy through the medium of puppetry.

The group selected around ten stories from a German collection of Ephraim Kishon's works called *Stories about Animals*, and sought to establish several thematic threads that would bring together the collage-like structure into a cohesive stage production. Their first challenge was to find a way of portraying the human characters, who are vividly depicted in the stories yet remain overshadowed by their pets and animals that actually drive the story and propel the plot. This led them to the idea of presenting human characters across a spectrum ranging from completely abstract forms, through simple two-dimensional figures, to actors wearing masks, and finally to actors appearing without any theatrical mediation. The animals, as the principal protagonists, remain at the same level of figurative representation throughout.

The group also explored the question of speech and language. Text itself became a distinct theatrical element, developing from non-verbal expression through written text, sounds, and voice-over narration, ultimately culminating in spoken dialogue.

LUTKARSKI STUDIO ZVJEZDANA LADIKA UČILIŠTA ZAGREBAČKOG KAZALIŠTA MLADIH

ZVJEZDANA LADIKA PUPPETRY STUDIO OF THE ZAGREB YOUTH THEATRE COLLEGE

Lutkarski studio Učilišta Zvezdana Ladika Zagrebačkog kazališta mladih okuplja stotinjak polaznika u dobi od predškolske do studentske. Polazište u radu s djecom i mladima jest različitim kreativnim poticajima ukazati na širinu lutkarskog medija te pokušati promijeniti zabludu da je to aktivnost i umjetnost namijenjena isključivo djeci mlađeg uzrasta.

U tom procesu prvi korak je približavanje pojma scenske lutke sugerirajući njezinu raznolikost i heterogenost. Praktični, radionički rad sa najraznovrsnijim materijalima svakako je važan dio kreativnog procesa – ponekad je uzrok, a ponekad i posljedica scenskog istraživanja. Polaznici sami kreiraju lutke, maske i scenografiju od najrazličitijih materijala, spajajući različite tehnologije, ograničeni jedino vlastitom maštom. Pokušaj da lutkarstvo povežemo sa srodnim tehnologijama i medijima od animiranog filma, videa, stripa, dizajna... proizlazi iz želje naših polaznika da i sami prošire područje i sadržaj vođeni individualnom znatiželjom i afinitetima.

The Zvezdana Ladika Puppetry Studio of the Zagreb Youth Theatre College brings together around one hundred participants, ranging in age from preschool children to university students. The starting point of our work with children and young people is to use a variety of creative approaches to demonstrate the breadth of the puppetry medium and to challenge the misconception that puppetry is an activity and art form intended exclusively for younger children.

An important first step in this process is introducing the concept of the theatrical puppet and highlighting its diversity and versatility. Practical workshop-based work with a wide range of materials is an essential part of the creative process – sometimes serving as the starting point and at other times as the result of stage exploration.

Participants create their own puppets, masks, and stage designs using a variety of materials and techniques, limited only by their imagination. Our efforts to connect puppetry with related technologies and media – such as animation, film, video, comics, and design – stem from the desire of our participants to broaden their own creative horizons, guided by their individual curiosity and interests

IZLOŽBE EXHIBITION

LUTKA, MASKA... PIF PUPPET, MASK... PIF

Četrnaesti put zaredom provodi se likovni natječaj čiji je cilj poticanje dječje kreativnosti, želje za stvaranjem, kazališnom igrom i lutkarstvom. Poziv djeci do navršениh četrnaest godina i ove je godine imao velik odjek.

Mašta i kreativnost osnovne su odlike djetinjstva te se poveznica između djece i lutkarskog kazališta, koje se predstavlja u okviru festivala, nametnula sama od sebe. lutka je djetetu najbolji prijatelj, a lutka koju dijete napravi više je od toga.

Na natječaj je stiglo više od stotinu i pedeset dječjih uradaka iz cijele Hrvatske. Nagrade djeci su ulaznice za predstave u okviru festivala, koje će ih odvesti u neke nove, čudesne svjetove.

For the fourteenth consecutive year we are organising the art competition with the aim of encouraging children's creativity, and their desire to create, engage in theatrical play, and explore puppetry. The invitation to children up to the age of fourteen has once again received a strong response. Imagination and creativity are fundamental features of childhood, and the connection between children and the puppetry presented at the festival feels entirely natural. A puppet is a child's best friend, and a puppet made by a child is even more special.

We have received more than one hundred and fifty entries from children across Croatia. The prizes awarded to the children are tickets to performances at the festival, taking them into new and wonderful worlds.

LUTKARSKE RADIONICE PUPPETRY WORKSHOPS

ČAROLIJA LUTKE , lutkarska radionica za učitelje i odgojitelje THE MAGIC OF PUPPET, Puppetry Workshop for Teachers and Educators

Lutkarstvo nije ograničeno na dob – to je umjetnička forma koja osvaja i djecu i odrasle. Na festivalu su radionice izrade lutaka osmišljene za sve dobi, a ova posebna radionica namijenjena je odraslima koji svoj profesionalni rad posvećuju obrazovanju i odgoju djece.

Polaznicima će se predstaviti jednostavni i brzo izvodivi načini izrade lutaka koje mogu koristiti u radu s djecom kao nastavno sredstvo, umjetnički izražaj ili zabavu u zajedničkim aktivnostima s djecom i roditeljima.

Izrađuje se lutka inspiriranu tehnologijom štapne kazališne lutke, koristeći materijale koji se lako mogu pronaći u vrtiću, školi ili domaćinstvu poput: plastične boce, debljeg konopa, tanke spužve, stiropor kugle, ostataka tkanine, vunice, trakica i, naravno, škare.

Lutku mogu animirati jedan ili dva animatora, što daje mogućnost raznovrsne izvedbe.

Sudjelovanjem ćete steći uvid u profesionalnu tehnologiju i kreativna rješenja izrađivača kazališnih lutaka s dugogodišnjim iskustvom u radu s djecom i odraslima.

Pridružite nam se i otkrijte čaroliju lutke u svom radu s djecom!

Puppetry knows no age limits – it is an art form that captivates both children and adults alike. While the festival offers puppet-making workshops all ages, this special session is designed for adults whose professional work centres on teaching and nurturing children.

Participants will learn simple, quick techniques for creating puppets that they can use in their work with children, as teaching tools, for creative expression, or entertainment in group activities with children and parents.

We will craft a puppet inspired by rod puppet techniques, using everyday materials easily available in preschools, schools, or homes: plastic bottles, sturdy rope, thin sponge, foam balls, fabric scraps, yarn, ribbons, and of course, scissors.

The puppet can be operated by one or two performers, which opens up possibilities for diverse interpretations.

By participating, you will gain hands-on experience with professional techniques and creative solutions from experienced puppeteers who have worked with both children and adults for many years.

Join us and discover the magic that puppetry can bring to your work with children!

KLAUN RASTEZLJIVKO , lutkarska radionica za osobe treće dobi STRETCHY CLOWN, Puppetry workshop for seniors

Lutkarstvo je umjetnička, a ne dobna kategorija! To je osnovna nit vodilja festivala. Interes za lutkarstvo i želju za izradom lutke koju možemo animirati potičemo kod svih, bez obzira na dob. Već nekoliko godina organiziraju se radionice izrade lutaka s osobama treće dobi. Radionica nudi opuštanje, dobru zabavu i osnovna znanja o lutkarstvu te pruža radost stvaranja starijim sugrađanima. Ovog puta na radionici uz puno zabave i dobrog raspoloženja izrađujemo klauna koji se može animirati i obradovati svakog: unuka, prijatelja, doktora, susjeda.

Puppetry is an artistic, not an age-based category! That is the guiding principle of the festival. Interest in puppetry and the desire to create puppets that can be brought to life are encouraged in everyone, regardless of age. We have been organising puppet-making workshops for seniors for several years now. The workshop offers relaxation, enjoyment, and basic knowledge of puppetry, while also providing the joy of creativity to older members of the community.

This time, in a cheerful and lively atmosphere, we are making a clown puppet that can be animated and bring joy to anyone: a grandchild, a friend, a doctor, or a neighbour.

MIŠIĆ KRUŽIĆ , lutkarska radionica za djecu **LITTLE ROUND MOUSE, puppetry workshop for children**

Radionica je namijenjena djeci vrtićke dobi. Materijali koji se koriste jednostavni su i ima ih u svakom domu (karton, škariće, vezice, flomasteri). Djecu upoznajemo sa svijetom izrade lutaka, uvodimo ih u svijet lutkarstva, potičemo kreativnost i želju za stvaranjem. Animacija ove jednostavne lutke donosi zabavu i veselje. Osnove izrade lutaka i njihova animacija koje će djeca steći kroz radionicu zasigurno će ih potaknuti da posjećuju kazalište i još koji put izrade lutku s prijateljima, braćom, sestrama, roditeljima.

The workshop is designed for preschool children. The materials used are simple and can be found in every home (cardboard, scissors, string, markers). We will introduce children to puppet-making, guiding them into the world of puppetry and encouraging imagination and creative expression. Bringing this simple puppet to life is fun and engaging. The basics of puppet-making and animation learned during the workshop will encourage children to visit the theatre and continue making puppets again with their friends, brothers, sisters, and parents.

KONJIĆ SKAKONJIĆ, lutkarska radionica za djecu **LITTLE JUMPING HORSE, puppetry workshop for children**

Sve može biti lutka uz puno mašte i malo spretnosti. Jednostavni materijali i dobra zabava obilježja su i ove radionice. Napraviti lutku od kartonskog tuljca, štapića za sladoled i malo vunice nije preveliko umijeće, ali je velika radost. Lutka svom tvorcu daje slobodu kreacije, a jednostavna animacija potiče dječju maštu i pruža inspiraciju. Pored kreativnosti radionica potiče originalnost i spretnost uporabe materijala. Jednostavna marioneta lako se animira i kreativnu igru pretvara u zadovoljstvo. Radionica je namijenjena djeci ranoškolske dobi.

With plenty of imagination and a little skill, anything can become a puppet. Simple materials and a playful approach are at the heart of this workshop. Making a puppet from a cardboard tube, ice-cream sticks, and a little wool is not a great technical feat, but it brings enormous joy. A puppet gives its maker freedom of creative expression, while its simple animation encourages imagination and inspires new ideas. In addition to creativity, the workshop also fosters originality and skill in handling materials. This simple marionette is easy to animate and turns creative play into genuine enjoyment. The workshop is intended for early primary school children.
